## INTRODUCING OUR NEWEST TECHNOLOGY & CLEAR ALIGNER SMILE GUARANTEE

- We are proud to introduce our new iTero 3D digital scanner! Now we are able to take a quick scan and print a model of your teeth in our office - eliminating the need for impressions!
- We are excited to partner with **3M®** to bring a new clear aligner treatment option to our practice. These aligners come with a 100% smile guarantee. If you begin treatment with **3M®** clear aligners and are not completely satisfied, we will finish your treatment with clear brackets at **NO ADDITIONAL COST** to you!
- If you are interested to see if this is a treatment option for you, please contact our office today at 205-981-9100 to schedule your complimentary consultation!
